

## **Save South Park Task Groups**

**We invite you to sign up for a task group to help in various areas of our mission.  
Coordinators of each group are listed.**

**Communications/Outreach** – Cindy Birchler - Help with advertising, marketing, and reaching out to other nonprofits with shared interests.

**Mercury** – Trevor Messa - Help minimize the threat of mercury in our community by communicating with the state and local agencies responsible for ensuring our safety.

**BLM Land Monitoring** - Jean Ference - Find ways to protect open space owned by BLM especially near residences and along the visual corridor of Park County

**1041 Mining Regulations** – Dr. James Acker -Help implement a plan with the Planning Department and County Commissioners that would outline responsible mining regulations at a local level, ie. noise, proximity to residences, dust, etc.

**Initiative for Responsible Mining Assurance (IRMA)** - Will Morrow - Encourage mines in the area to show they are following best mining practices environmentally and socially by getting certified by IRMA.

**Grant Writers** – We are looking for grant writers!!!

**Fundraising - Everyone** - Help brainstorm, organize, and do what needs to be done:o)

**State/Federal Communications** - Wendy Kerner - Collaborate with organizations at the state and federal levels such as Western Mining Action Project (WMAF) working to promote responsible mining practices.

**Film Production** – Ann Lukacs - Work to ensure that the TV show does not return to our community and expose some of their irresponsible mining practices.

**Action Days** – Jamie Morrow - Help to set up events where all ages come together and participate in activities that will build a sense of community and beautify our county.
